Wyandott City, the gateway into Kansas Territory

WYANDOTT CITY,

THE GATEWAY INTO KANSAS TERRITORY.

The lands lying at the junction of the Kansas and Missouri Rivers have been recently purchased of the Wyandott Indians, and are now laid out on the most liberal and approved plan for a City.

This is the first point of land in Kansas Territory lying on the Missouri River. This magnificent location is well worthy of the name it bears: The Gateway into the great Territory of Kansas.

The God of nature has here bestowed his favors with a liberal hand. The soil, climate, location, and scenery here presented, forms a combination unsurpassed in the world. The capitalist, mechanic, merchant, clerk, or laborer, will here find an ample field to realize their most sanguine anticipations.

THE ARMSTRONG HOUSE,

A good Hotel, is all ready to accommodate the public. Warehouses are being canstructed. Several Steamers will ply from this city up the Kansas River to Lawrence and towns above. Good roads are now being laid out on both sides of the Kansas River. Lumber, brick, and stone are to be had in any quantities.

A MAGNIFICENT HOTEL,

Six stories high, and one hundred and fifty feet front, is about being erected

The emigrant to the Territory, without distinction of party, is invited to visit Wyandott and to commence with its inhabitants to form the great Commercial Metropolis of the West. For particulars relative to lands in this City and Territory enquire of
