AMERICAN X-RAYS

HAS ABSORBED THE
OGDEN REVIEW

Established
1892. .

A COUNTRY NEWSPAPER

Is always the best medium for advertising in the districts in which it circulates. Its readers are always acquainted with the character of the publishers; sometimes from the editor down to the office boy; and this acquaintance has its effect on everything that appears in its columns. Our paper is ALL HOME PRINT. If a man of character is in charge of a paper, everything published will appear respectable. Then, again, it circulates among respectable people, for farmers as a class are the most respectable of all people. This also adds to the value of every inch of space.

AMERICAN X-RAYS

Is such a paper. It is respectable, and circulates WEEKLY among a prosperous and progressive people. Its patrons consist of honest and industrious farmers, and live and pushing villagers. It aims to keep step with a real live western community. Bona-fide circulation 1500. The wants of its patrons are numerous, and manufacturers and dealers in all kinds of necessary articles will find a ready market through its columns. Its rates are reasonable, not based on western wind or boom editions. Try it.

FREEMEN'S LABOR JOURNAL

.... PUBLISHED AT SPOKANE, WASH.

By SPOKANE PUBLISHING CO.

W. J. WALKER, MANAGER.

..CIRCULATION 10,000

OFFICIAL ORGAN of Organized Labor in Eastern Washington, Northern Idaho and British Columbia.

We desire to call particular attention to the merits of our journal as an advertising medium for your business in this section. The Journal is the only strictly labor paper in these parts, having a circulation of 10,000 copies weekly, reaching every town in eastern Washington, Northern Idaho and British Columbia, having a special circulation in the large and growing mining sections that surround our city.

The Journal is also the county paper of Spokane county, with a population of 50,000, and an assessed valuation of \$22,166,175, and successor to the Industrial World, organ of the state Farmers' Alliance and Industrial Union, and is now filling the list of the Weekly Tribune of this city, which has ceased publication.

The efforts of our city board of immigration, in conjunction with the railroads, is already bearing fruit, and the influx of new comers in 1897 bids fair to be increasing.

Our politics, Populist, and inasmuch as the majority of the officers of Spokane, Lincoln, Adams and Stevens counties, in eastern Washington, and the counties of northern Idaho are of that faith, and as Populism is growing rapidly, you can readily see that the Journal has a rich field for a rapid increase in its circulation, being the only Populist paper in the section named.
