

## **Thirtieth Biennial Report, Statistics by county showing population, acreage, production, and livestock, 1935-1936**

### **Section 2, Pages 31 - 60**

This published report contains statistics compiled by the State Board of Agriculture pertaining to crop conditions, livestock, and other farm products for all Kansas counties. It was copied from the Thirtieth Biennial Report of the Kansas State Board of Agriculture, to the Legislature of the State for the Years 1935 and 1936. The most useful sections for seeing the impact of the Dust Bowl on agriculture are the sections for the counties of Finney, Ford, Grant, Haskell, Hodgeman, Morton, Seward, and Stevens in western Kansas.
