Governor Henry Allen,  
Topeka, Kansas.

My dear Governor:-I just want to tell you that we people out here in the short grass country appreciate the good fight that you and the other good Americans are putting up for our state and let you know we are back of you.

Every man that I have heard express himself says that you are on the right track and we hope you will carry it to a successful end. We believe your court will be a great blessing to the state at large and that it will not be long until both employers and laborers realize that it is the best thing that ever happened to them.

Stand firm for the state is with you.

Very respectfully,

*A. P. Barrett*
