

Map of Kansas. The direct route to all points in central, southern and southwestern Kansas is the Atchison, Topeka and Santa Fe Railroad

This bouchure includes a map of Kansas showing the routes of the Atchison, Topeka and Santa Fe Railroad within the State of Kansas. Shading on both sides of the main line of the railroad indicates the Land Grant. All unsold lands are within a colored portion of the map. The brouchure includes a smaller map showing all of the Atchison, Topeka and Santa Fe routes and connecting lines in the United States and Mexico. The brouchure advertises "Land Explorers' Round-trip Tickets", good for forty days at cheap rates. Approximately 18 panels describe these features of Kansas agriculture to be in good condition: dairy, Kansas sugar, irrigation, railroad lands, vacant lands, manufacturing, fuel supply, and education in Kansas.
