This theatrical directory published by the Santa Fe Railroad Company provides a list of theaters and opera houses with their locations along the Atchison, Topeka and Santa Fe Railway Company system. At the back of the book, a map illustrates the locations of the theatrical facilities along the Santa Fe lines. The directory was a useful guide in determining routes and bookings for the season's theatrical tour.

PROLOGUE

WE TAKE PLEASURE IN SUBMITTING TO OUR THEATRICAL FRIENDS A NEW SANTA FE System Theatrical Directory for the ensuing season.

In compiling this directory we have endeavored to give clearly and concisely such information brought down to date as will be of service in determining routes and bookings for the season's tour.

A novel as well as useful departure included herein is the Santa Fe Theatrical Map, showing as it shows the lines of this Railway System, and the states it traverses, together with the location of "Theatre Towns" given in this directory.

The Santa Fe, with its vast network of lines stretching out from Chicago to Kansas City, Galveston, Amarillo, Denver, El Paso, Phoenix, Los Angeles, and San Francisco, offers the best territory in the Great Southwest, where the people are prosperous, are hungry for amusements, and are able to pay for same.

Managers and Booking Representatives will find that the Santa Fe offers a greater number of good live show towns than any other western line. A major portion of the towns are close together, making the jumps short, and "railroading" inexpensive. Train service is frequent and of the highest order.

While we have endeavored to show herein complete information regarding towns on the Santa Fe having theatres, we will be very glad to furnish further information whenever desired, and all questions will be cheerfully answered by the undersigned. We solicit a liberal share of your patronage.
