Major General Clarence H. Danielson
Seventh Service Command
Omaha, Nebraska

Harvest season in Kansas is but a few weeks away, and I am receiving earnest appeals from various communities in the state asking that the War Department leave ~~at least a few~~ German prisoners laborers in our section of the country so that harvest operations may go forward without severe loss of grain. I know you are sympathetic to our problem, and sincerely trust some arrangement can be worked out which will help solve the manpower shortage in agriculture at harvest time.

Arthur Capper.
