Report of Kansas U.S.O. Committee

This item details the amount of contributions to the United Service Organizations (U.S.O.) from cities and counties in Kansas during 1941. Totaling almost $90,000, the U.S.O. campaign in Kansas was quite successful and helped support a number of services for Americans serving in uniform during World War II. The report lists the contributions by city and the nature of the fund raising. There was a campaign in movie theaters that raised almost $9,000 from 84 cities. The list includes the names of the theaters. Local newspapers, which provided publicity, are often listed as well. The members of the local U.S. O. committees are listed, occasionally.

REPORT OF KANSAS U.S.O. COMMITTEE

The Kansas U.S.O. Committee begs to submit, herewith, a report of the State-wide 1941 U.S.O. Campaign, for finances in Kansas, indicating the amount collected in each city and county, together with a list of the local U.S.O. Committees.

The total sum collected in Kansas, was $89,171.93. This figure includes $3,368.28, which was the expense of the local U.S.O. Committees in conducting their respective drives. This figure also includes a credit of $500.00, a National donation made by the Colgate-Palmolive-Peet Company, which was credited, at the request of that company, to Kansas City, Kansas. This figure also includes $2,148.91, which was raised by the Topeka U.S.O. Committee, over and above their National quota, and which sum was retained in Topeka for local U.S.O. use.

This figure further includes $8,958.72, which was collected in 84 cities of Kansas through a theatre collection. The State Committee wishes to take this opportunity of thanking Robert F. Withers, Midwest Film Distributors, Inc., Kansas City, Mo., who organized and supervised the Kansas Theatre collection. We wish also to thank the Fox Midwest Agency,Corp., Griffith's Theatre, Inc., Commonwealth Amusement, Corp., Dubinsky Durwood Circuit and the owners of 58 Independent theatres in Kansas, through whose facilities this collection was made possible.

The Committee also desires to thank the press and radio of Kansas, for their fine cooperation. The success of the campaign would have been doubtful had not the newspapers and radio stations of the State assisted in explaining to the Kansas people the origin and purpose of the U.S.O.

We wish also to thank the many civic, patriotic, fraternal and religious organizations throughout the state, that rallied to the support of our drive. Lastly, we wish to thank the thousands of Kansas people in 123 cities, towns and communities of Kansas through whose efforts and means, the success of our drive was made possible.

Based on reports of local committees, and information received from U.S.O. Headquarters, the following figures and names were compiled;
