RECONSTRUCTION FINANCE CORPORATION

WASHINGTON

February 15, 1933

The Reconstruction Finance Corporation, upon application of the Governor of North Dakota, today made available $52,609 to meet current emergency relief needs in ten counties of that State for the month of February 1933.

These funds are made available under Title I, Section 1, subsection (c) of the Emergency Relief and Construction Act of 1932 with the understanding that the responsibility of the political subdivisions and the State of North Dakota to make every effort to develop their resources to provide relief is not in any way diminished.

In support of his application the Governor stated that funds now available or which can be made available within the State at this time are inadequate to meet the relief needs.

The Reconstruction Finance Corporation heretofore has made available $157,680 to meet current emergency relief needs in various political subdivisions of the State of North Dakota.

Hon. Alf. M. Landon,
Governor of Kansas,
Topeka, Kansas.

Dear Governor Landon:

I am enclosing herewith copies of Bulletins Nos. P-386, P-387, P-388, P-389, P-391, P-392, P-397, P-398, P-399, P-401, P-402, P-403 and P-404 issued by the Reconstruction Finance Corporation.

Very truly yours,

Enc.

New York
(Immediate Release)

COPY
(P-386)

RECONSTRUCTION FINANCE CORPORATION

WASHINGTON

January 28, 1933

The Reconstruction Finance Corporation, upon application of the Governor of New York, today made available $6,100,000 to supplement local and State relief funds in meeting current emergency relief needs in 42 of the 115 Welfare Districts of that State for the period February 1 to February 28, 1933.

These funds are made available under Title I, Section 1, subsection (c) of the Emergency Relief and Construction Act of 1932 with the understanding that the responsibility of the local communities and the State of New York to make every effort to develop their resources to provide relief is not in any way diminished.

In this connection the Governor advised the Corporation that he is "much opposed to a mere shifting of vital responsibilities from either the State or its local units to the Federal Government." He added that there should be no shirking of State and local responsibilities in the gigantic task of providing relief funds for the unemployed, and that he wished it clearly understood that "this application, if granted, is not to be a substitute for the continued appropriations to relief from the State and its various subdivisions." The 42 Welfare Districts comprise in whole or in part 28 of the 62 counties of the State.

Supporting data state that in September 1931 the State appropriated $20,000,000 for relief purposes for use prior to June 1, 1932, and created the Temporary Emergency Relief Administration to handle these funds. In March 1932, an additional $5,000,000 was appropriated by the State. In November 1932, the people approved a State relief bond issue of $30,000,000, and by February 1 it is estimated that $15,000,000 of that amount will have been expended. With reference to the $15,000,000 available from State funds for unemployment relief on February 1, it is reported that of this sum $12,000,000 is in a reimbursement fund from which the State returns 40 per cent of the approved relief expenditures to any Welfare District.

This is the first application of the Governor of New York for Federal relief funds.

WASHINGTON

January 31, 1933.

The Reconstruction Finance Corporation, upon application of the Governor of Illinois, today made available $6,000,250 to meet current emergency relief needs in Cook County and in 29 down-state counties during the month of February, 1933.

Of this total, $5,482,000 are made available for Cook County under subsection (e) and $518,250 for 29 down-state counties under subsection (c) of the Emergency Relief and Construction Act of 1932.

These funds are made available with the understanding that the State of Illinois and its political subdivisions will give most earnest immediate consideration to further plans for meeting relief needs, as the amount made available for February plus monies heretofore made available by the Corporation totals $38,483,478 out of a maximum amount of $45,000,000 which can possibly be made available to any one State under the provisions of the Emergency Relief and Construction Act.

The necessity for the closest possible coordination of the administration of funds throughout the State of Illinois likewise was stressed in the recommendation approved by the Board of Directors of the Corporation in order that the distress needs of the people of the State may be met as far as possible.

RECONSTRUCTION FINANCE CORPORATION

WASHINGTON, D C

February 3, 1933.

The Reconstruction Finance Corporation, upon application of the Governor of Oregon, today made available $67,000 to meet current emergency relief needs in five counties of that State for varying periods in January and February.

These funds are made available under Title I, Section 1, subsection (c) of the Emergency Relief and Construction Act of 1932 with the understanding that the responsibility of the political subdivisions and the State of Oregon to develop their resources to provide relief is not in any way diminished.

In support of the Governor's application it was stated that funds now available or which can be made available are inadequate to meet the relief needs at this time.

The Reconstruction Finance Corporation heretofore has made available $980,738 to meet current emergency relief needs in various political subdivisions of the State of Oregon.
