This seventeen volume series is the first serial published by the Kansas State Historical Society from 1875 until 1928. The publication of the Kansas Historical Quarterly followed in 1931. Volumes 1-10 were officially titled the "Transactions of the Kansas State Historical Society." The title changed to "Collections of the..." beginning with volume 11. The series contains addresses and papers delivered at the annual meetings, biographical sketches, compiled historical information, and transcriptions of select collections in the Historical Society's holdings. The first seven volumes contain biennial reports of the board of directors. Beginning with volume 8 the biennial reports were published separately. Searchable tables of contents and indexes for each volume are forthcoming.
