Volume 1, Field notes**

Section 6, Pages 151 - 180

This volume includes field notes and surveys of Indian lands and some treaties made between the U. S. and various Indian tribes (1830-1838). Included are several maps of Indian reservations in Kansas. William Clark (of the Lewis and Clark Expedition) served as Indian Superintendent for the central superintendency until his death in 1838. Partial funding for the digitization of these records was provided by the National Park Service.
