Governor J. P. St. John

Dear Sir

I was requested by our Rev. President to ask you if you would not take a Policy of \$2,500 in our Union and thereby more fully endorse one of grandest moves ever made in the great work of Temperance. Hon. A. H. Horton has done so, and he thinks there is no Insurance as safe in the country, say nothing about carrying forward the work of Temperance.

If you will do so please drop me a card and the doctor will examine you at Major Haskell's office, Tuesday or Friday evening at 7th P. M. - or at your own house.

If you will also write a commendation of the principals of the Union such as I have heard you express - so I can use it with Judge Horton - we shall be very thankful, & will ever pray for your prosperity.

Belg 1022.

Very Truly yours
W. M. Cooley -
