

Harold M. Voth, M.D. at the Menninger Foundation, Topeka, Kansas

Dr. Voth and a colleague are monitoring responses to biofeedback. The Menninger Foundation had long time research projects on biofeedback. Menninger is a leading psychiatric hospital dedicated to treating individuals with mood, personality, anxiety and addictive disorders, teaching mental health professionals and advancing mental healthcare through research. Once located in Topeka, Kansas, they relocated in 2003 to Houston, Texas.
