

Better wheat and more of it per acre

This flyer describes a series of programs intended to improve safety among wheat farmers. The following entities planned and presented the programs: Oklahoma A. & M. College, Oklahoma State Board of Agriculture, Southwestern Wheat Improvement Association, and the Agricultural Development Department of the Atchison, Topeka, and Santa Fe Railway. J. F. Jarrell and C. W. Lane represented the Santa Fe Railway. President Bradford Knapp and several professors were the speakers from Oklahoma A. & M. J. A. Whitehurst and E. H. Linzee participated from the Oklahoma Board of Agriculture, as did H. M. Bainer for the Southwestern Wheat Improvement Association. The programs were held in various locations across Oklahoma from June 1 through 5, 1925.

BETTER WHEAT

and More of it Per Acre

Oklahoma's A. & M. College, the State Board of Agriculture, the Southwestern Wheat Improvement Association and the Agricultural Development Department of the Santa Fe Railway have worked out a program for Safety First in the Oklahoma wheat belt. Representatives of these organizations invite wheat growers to meet them at the places and time shown below to hear the program discussed.

SPEAKERS ON THE LIST

From the Agricultural College—Bradford Knapp, President; C. T. Dowell, Dean of Agriculture; Adrian Daane, head of the Department of Agronomy; L. W. Osborne, Extension Agronomist; W. A. Connor, Director of the Extension Division; E. E. Scholl, Extension Entomologist.

From the State Board of Agriculture—J. A. Whitehurst, President, and E. H. Linzee, State Grain Inspector.

From the Southwestern Wheat Improvement Association—H. M. Bainer, Director.

From the Santa Fe—J. F. Jarrell, editor, The Earth, and C. W. Lane, assistant manager of Agricultural Development.

MAIN PHASES OF THE PROGRAM

- 1—Relation of wheat to other crops and livestock.
- 2—Preparation of soil, and rotation.
- 3—Pure seed and inspection.
- 4—Control of wheat insects.

Special Note No. 1—It is not a scheme to have the wheat acreage increased, nor decreased; but to try to produce more and better wheat per acre.

Special Note No. 2—Farmers are requested to bring their wives and children to the meetings. Subjects of particular interest to them will be presented.

Special Note No. 3—See local newspapers for meeting places in the several towns.
