

DS&O Rural Electric Cooperative's employees working on electric lines

This is a photograph showing DS&O Rural Electric Cooperative employees working on electrical lines at an unidentified location. DS&O Electric Cooperative was established during the Great Depression as part of the federal recovery effort to bring the advantages and economic stimulus of electric power to rural Kansas. In 1991, Smoky Valley Electric Cooperative in Lindsborg, Kansas, merged with DS&O, adding to the Cooperative's coverage area and member base. It was named DS&O because members were from Dickinson, Saline, and Ottawa counties.
