

Kansas Adjutant General general correspondence

Section 3, Pages 61 - 90

This item is correspondence received by the Adjutant General's Office. Josiah B. McAfee succeeded Thomas J. Anderson as Kansas Adjutant General in August 1867. The correspondence includes letters from citizens seeking to reenter the armed forces, orders for the disarmament of state militia arsenals, and claims for service records and pensions. A letter, dated June 25, 1867, from former Kansas Governor Charles Robinson, states that a list of officers commissioned during his term is no longer in his possession. Also included are several statements taken by district court clerk Mitchell G. Williams in New Albany, Wilson County, Kansas, regarding the theft and killing of horses by Osage Indians.

My dear Sir

Your letter enclosed with last proof
~~did not reach me~~ was not seen by me till
the sheet on which you desired the corrections
made was printed. Enclosed I send copy of the
first 40 pages - By the by. if you send us any
telegraphic notices for our paper be sure to have
more than 100 words. They put on a queer kind
of tariff - all under 100 words they charge us full
price for when a message is 100 words they put it
at less price than if we had only 50. So do not
compress your telegraphs.

Yours respectfully,
Charles J. Warr

Dear Sir,

I have received the enclosed letter. Now I want to get up to Topeka as soon as Mr Swallow gets back so as to make arrangements about some other matters and then we can arrange about folding these sheets. It would be fully to send up sheets to Topeka for folding, we will pay Mr Swallow all the profit he can make on the work if we have the binding.

Yours

Dear Sir,

I have been waiting two days for return of proof of pages 57 to 65. We should be enabled to make headway if we could print without sending proof. I will take great care with proof & will see to it that it is exactly like copy. This sending proof is a terrible delay. I send you sheets of pages 41 to 56.

Yours truly

Dear Sir,

I send you by this night's mail
proof of another form also two copies
of last form. In the proof you will notice
on page 1882 instead of what I think it
ought to be 1881. This is according to copy
anyhow. I will try to hurry up as fast
as possible, have been getting additional
sets, my trouble now is for men. There
is a great dearth of printers.

Gen Anderson.

Dear Sir,

Yours of yesterday recd. I sent you
to night prof. I had not read it as it was
pish in time & send off. thought I had better
do so rather than delay a day. I think I can
safely promise you, if your Chief clerk were
here to read prof that I could turn out 32 pages
every 3 days, perhaps could manage 10 a day but
should not like to promise, I want to get up to
I spoke as soon as Put Swallow returns as I want
to talk to him about giving us some work progress
also with you & Barker about bridging. This change
that has taken place in our office has given us
lots to do. I am at it from 6 or 7/2 past 6 to 10
& 11 every day, things are straightening out &
we can run a better advantage daily. If Put
Swallow is back I will run up on Monday.
So do not send your clerk till I see you

Yours of the 24
inst requesting my presence at
Topeka to assist in feneeting out
and ascertaining the guilty parties
who attempted to commit a fraud
on the State in the adjustment of
the Price Raid Claims received.

It will be impossible for me to
come at this time as I am in the
midst of harvest. I am not
cognizant of any attempt to
defraud the State in these claims.
I did not meet with the Commission
in 1866 when about one half the claims
were allowed, if any claims were allowed
that should not have been it was not
at any meeting at which I was
present, as all claims allowed at such

meetings were closely examined
If I thought I could be of any
service I would go, but there
is one thing very certain I am
not going to Topeka unless you
convince me I will be of some
service unless my expenses are
paid.

Respectfully Yours
