I desire to
present the following facts to your excellency
At the time J. A. Cunningham was elected
Capt of Co- H 10th Reg- K. S. M., to rank Sept
6th 1864 I was promoted to the office of 2nd Lieut- of
said Co- and have acted ever since that date
but from some cause such promotion was not
shown by the returns of said Election, since that
time through the representations of the officers I
have recd a Commission from your office dated
Oct 20th 1864. The failure to have it dated cor-
rectly deprives me of pay to which I am entitled
during the recent Campaign, and I desire to
call your attention to the matter that it may be
corrected and I obtain my just dues
Any proof that may be required will be promptly
forwarded if your excellency will be kind enough
to notify me as to what is required
Very truly Yours

Hon S. J. Crawford

Sir

I wrote you a letter some time since, stating that Company "D" 10th Regiment - Kansas State Militia had held an election and had elected Green. B. Davisson, Captain of said Company in place of Captain William Burton, who has removed to Douglas County. but as yet Mr Davisson has not received his Commission, why this long delay is, is more than we can understand, Mr D. was fairly elected by a large majority of the Company present at the time - he is a good citizen, and I believe will make a good officer. The Company is also entitled to a Captain according to the new Militia "act" of 1865 having 65 or 66 members ~~on the~~ Registered on the Muster roll - besides all other considerations it is necessary that we should have a good responsible man

for Captain, to keep up the interest and efficiency of the Company & See to it that proper Care is taken by the men of the Arms & other property belonging to the State, hoping this will receive your favorable Consideration at your earliest Convenience I Remain Very Respectfully Yours &c

Inspector General of Kansas.

Dear Sir

Accompaning this order report I think it proper to send the following statements of facts my company was organized Soon after the Lawrence raid I drew my arms from Leavenworth thereafter from Gen Scott thirty muskets together with the accoutriments I distributed them to my men and took there receipts and when we were called out last oct to repell Price and his raiders we were first marched to Hickmans mills Gen Blunt made a Speech to the men told them that he had positive information that that Price was coming and that there was no force to stop him unless it was the militia from Kansas that there was no doubt but we would have to fight and that he had sent for and would have at that place army of the best quality of arms all the militia the arms taken on our muskets were considered inefficient the men clamored for better Said they were willing to fight but wanted a good gun Colonel Bancock made arangements for us to turn over our old guns and draw the enfield rifle I put up 27 Springfield muskets with there bayonets and turned them over to Capt Clark the ordinance officer

he received guns but refused to receipt for them until as he said he could get them to a regular ordinance depot Col Pennock told me to make the exchange that it would be all right I had no way of transporting them myself and was governed to leave them as I did or not make the exchange as others were doing the same thing and Col Pennock standing by & thought it was right and proper under the circumstances and so did not hesitate

as regards clothing my men drew one blanket a piece we also drew Shelter tents twenty four in all when we came out of the fight night of them were missing no one could account for them my company waggon was ordered back from camp willet on the Blew in Mo to winedot Kansas and for two days and knights I did not see it or know where it was I could not tell where or when they were taken or what became of them I only know that it was out of my power to look after them Seven others that different individuals have had and have failed to account for them I have marked against them on muster and pay roll the other nine in number I have on hand this is a true statement of the case I am Sir with much respect your obt Servant
