Section 1096, Pages 32851 - 32880

This series of the Rolla Clymer collection includes sent and received correspondence arranged chronologically beginning in 1909. With few exceptions, the correspondence provides a continuous and very complete view of his activities. Much of the earliest correspondence in the Clymer collection pertains to information about the College of Emporia for the period Clymer was a student there. Scattered throughout the remainder of the correspondence is information about Emporia athletics and alumni activities and letters with former classmates. From 1914 to 1918, Clymer was editor and manager of the Olathe, Kansas, Register. In 1918, Rolla Clymer moved his young family to El Dorado, Kansas, where he became editor and manager of the El Dorado Republican. Except for a six month hiatus in 1937 as editor and manager of the Santa Fe New Mexican in Santa Fe, New Mexico, Clymer served the remainder of his professional career in El Dorado.

In his later years, Clymer devoted much of his time to efforts to preserve the Kansas Flint Hills region which he dearly loved. In addition to newspaper editorials, he wrote and published numerous widely circulated articles and poems about the Flint Hills. Perhaps his best known tribute was his poem "Majesty of the Hills," which helped earn him the designation as Poet Laureate of the Flint Hills. Rolla Clymer died on June 4, 1977, having been the editor of the El Dorado Times for fifty-nine years. For a complete contents list of the Rolla Clymer collection, see the External Links below.

## Rolla Clymer correspondence

Kansas State College Manhattan, Kansas February 13, 1956 Office of Public Service Mr. R. A. Clymer The El Dorado Times El Dorado, Kansas Dear Rolla: I have been reading with interest your remarks made on the occasion of the annual William Allen White lecture, and of your reference to Fred as "The Thunderer of Southeast Kansas." I am sure it was a great day at K.U. and that you added just the right amount of journalistic seasoning it needed. We have three more home basketball games. If we can recover from last Saturday's beating by Colorado, the remainder of the conference season should be mighty interesting. I hope we can get together soon. I have several matters on which I should like to seek your good advice. Ruth sends along her best, too. Director of Public Service Enclosure

Mr. Rolla Clymer El Dorado Times, El Dorado, Kansas.

Dear Rolla:

On my return to Washington, I find your kind recent editorial regarding me and the Senatorial campaign.

First, I want to state that it is greatly appreciated, and second, I have no plans other than to make the race for re-election to the Senate.

The facts are, and this is confidential, I have purposely delayed making an announcement, as I think the President's decision will influence the statement I want to make. If he runs, it will of course be one type of statement and if he does not, I think I should make another type.

My personal opinion is that we should get a statement from the President within the next two or three weeks.

We had a very nice meeting at Independence and as far as I could learn, no primary opposition has developed. Of course there is plenty of time, but if someone is going to run for the U. S. Senate, they will have to get started soon.

Again, many thanks.

Sincerely yours,

Frank Only

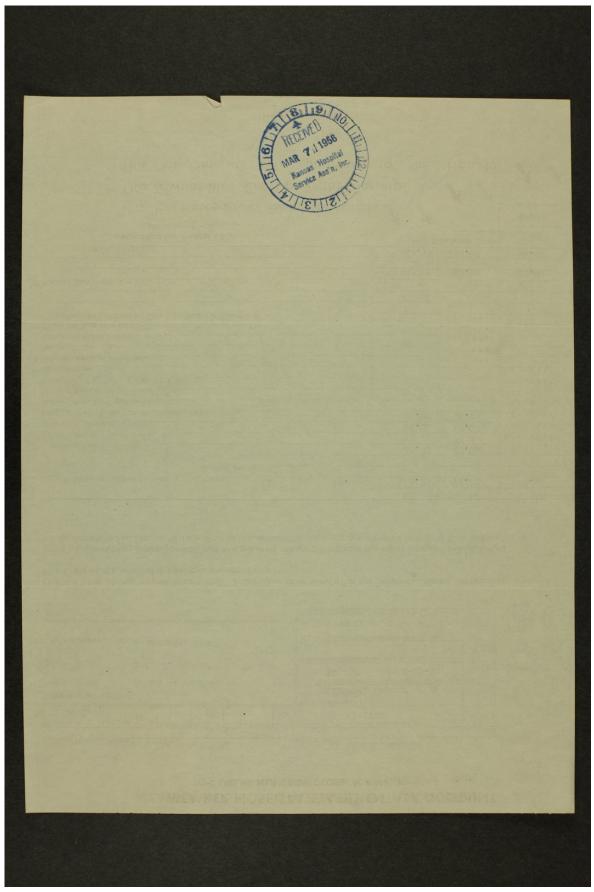

Frank Carlson

Mr. Rolla A. Clymer The El Dorado Times El Dorado, Kansas

Dear Rolla:

Again I am indebted to you, because I was down to Pittsburg to see our good friend, whom you had so deservedly honored at Lawrence with the speech of this decade. Rolla, no other citizen will ever be able to repeat this wonderful article, which I picked up in the Pittsburg Headlight, Friday evening, February 10.

I took the old dictionery out and read your speech over twice. No one but Rolla Clymer could have written and delivered a finer speech, honoring our good friend, Fred.

Thanks a million just for the privilege of reading another Rolla Clymer masterpiece.

Sincerely yours,

Jugh 7 Edwards

Dear Mr. Clymer:

It has come to my attention that in the past two years that one of your employees has been injured in a saw while sawing linotype metal three times. In each accident report, we find that the description of the accident is virtually the same--"sawing linotype metal, tooth of saw caught in small plate throwing finger into saw." It has been indeed fortunate that the employee has not suffered severe injury or any amountation of a finger.

When in El Dorado on February 9, 1956, I stopped at your office to visit with you relative to these three accidental occurrences. Unfortunately, I missed you.

It is our feeling, however, that should such accidents continue that sooner or later this employee will suffer a severe injury possibly in the amoutation of a finger. We believe that if it is possible, that a hood type guard should be installed over this metal saw.

We are in El Dorado quite frequently and shall stop and visit with you the next time in El Dorado. If you have any questions, please feel free to contact me.

Sincerely yours,

Mr. R. A. Clymer Editor The El Dorado Times El Dorado, Kansas

Dear Mr. Clymer:

The El Dorado Lions Club is happy to announce that First Vice President John L. Stickley, of Lions International, will be a guest and speaker at a Zone social meeting, March 6, 1956. We feel that this is a distinct honor to El Dorado, as Lion Stickley will become President of the world's largest service organization upon July 1st.

We are extending an invitation to you and Mrs. Clymer to attend this meeting and are enclosing complimentary tickets for your use. The meeting will be held at the Moose Club at 6:45~p.m.

If possible for you to accept this invitation we would prefer a confirmation by letter or by telephoning 498 by March 1st, but shall expect you unless we hear to the contrary.

Very truly yours

Walter F. McGINNIS
President.

Friday night, at home

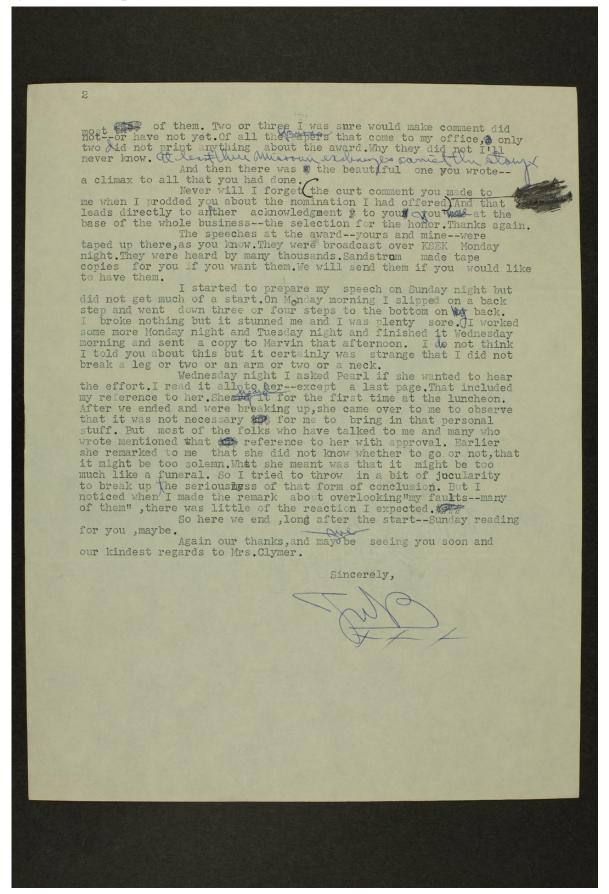

For a full week I have been trying to write to you. But it has been most difficult to find words to do the job. I have not found them yet. Finally I have decided that I cannot write my real feelings. I came to the conclusion that you knew just how I feel. I was not flabbergasted. It was not that kind of a feeling. I was touched by the realization that I was hearing an appraisal of a career by the man best qualified to appraise it, that it was a sincere job that was being done and that of all my friends, living or gone, no one else could have approached your masterly presentation. I hope I do not appear immodest or vain . That is far from my intention but necessarily I cannot remove myself from comment on what you did.

What I am trying to do is pay tribute to your speech for its literary but necessarily I cannot remove myself from comment on what you did. What I am trying to do is pay tribute to your speech for its literary perfection, its moving eloqueface and its sincere dedication to its purpose. While you were speaking there raced through my mind the bloody battles that have been fought, the mean things that have been said, the obstacles placed in the way, the favors without end over the years that had been done for those who soon forgot them, friends who deserted and discouragements without number. You know what I am talking about because you have experienced them all. But what I was hearing offset everything. And then I could recall the other side—the friends who stayed, the triumphs that were enjoyed, the kindly things that were said. One is likely to give too much thought to the dark side and too# little thought to the brighter side.

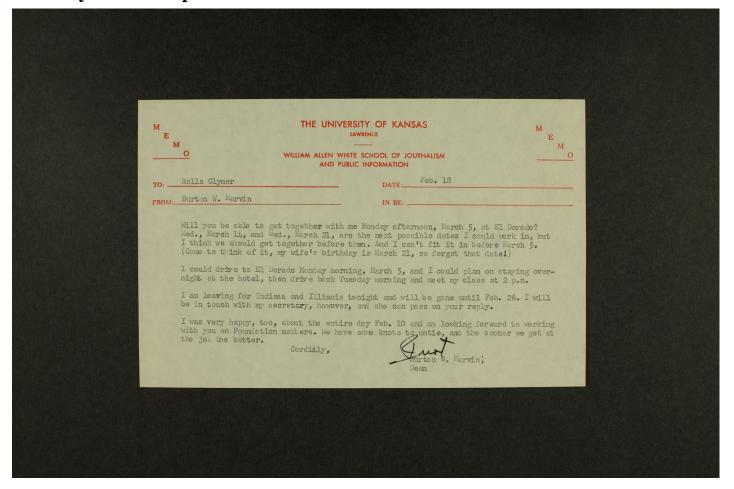

Today Lois put 20 or 25 letters on my desk and informed me she had only 30 more in her note book. Earlier there had been other batches. They were acknowledgments of letters, notes, telegrams and calls of congratulation that came from the home folks, from friends elsewhere and of editorials appearing over the state. Some of the congratulations came from persons I had no idea were interested favorably in me. One aged woman-84-at Ottawa wrote me a note, saying she remembered that I watered a team at her well in Ottawa, evidently when I had driven into Ottawa from the country in kid days. A man I have found it necessary to condemn in his official conduct wrote me in praise. To almost everybody I wrote that it was a fine honor that I had received but nothing was finer than the kindly words from the home folks and old friends-written out of a genuine interest. genuine interest.

I was delighted yesterday to see what the Star did-parts of your speech with the most prominent display on the editorial page, with a beautiful introduction. It was a recognition of you in which I am sure Roy and Alvin joined. Kansas "flavor!" That was perfect and thrilling. count tonight have seen editorials in 20-I think that was the --kansas daily newspapers. You undoubtedly have seen Kansas daily newspapers. You undoubtedly have seen

Dear Father,

In the final analysis, the story of El Dorado's water plight has proven to be almost too big for television. Now, we are considering the possibility of making a documentary film.

There are few stories which adapt themselves to big thinking. This, in Jerry Schnitzer's opinion, and certainly in mine, seems to be one of the rare ones. To use it as one episode in a regular weekly TV series would be something of a waste when it is possible to think beyond the entertainment world into an area where such stories are used as instruments to demonstrate the unique independence of the American people. It may sound like so much balderdash to you, but we are not talking through our hats. The documentary approach is Jerry's forte. Six months ago, he said that this story would be a perfect subject for a documentary; he certainly has not changed his mind. But, now, he is in more of a position to make his idea a real thing.

Jerry has taken a copy of the treatment and your latest letter with him on his

New York trip. He thought it would be best for you to get in contact with the

writer who covered the story for READER'S DIGEST, tell the writer that you have

been approached by an independent motion picture producer in California who

wishes to use the story of El Dorado's fight for water as material for a docu
mentary film. You may mention me as the contact, if you feel it is necessary

to explain how a producer in California came across the story. You see, we want

the writer's and the magazine's agreement that permission to use this story will

be given to us. This protects us in case another production outfit gets the

same idea after the story is published in the DIGEST. I know you made in clear

that the magazine has no rights to the story; however, we would like to avoid

any disagrement. I will write the letter, if you do not choose to do so, providing

you supply me with the writer's name. No matter who writes, the object is to

#### Rolla Clymer correspondence

get to him as soon as possible.

We are investigating three ideas:

- 1) approaching Skelly and/or Santa Fe with the idea of their making the film as a company documentary;
- 2) suggesting to the Kansas Chamber of Commerce (or better-qualified agency) that the film be made by them as an institutional film for the State;
- 3) making the story for the U. S. Department of State, whose film program is one of its big projects.

You can see that your idea to come to California at this time is a good one.

I want you to talk to Jerry. I also want you to see what Jerry Schnitzer and his partner, Allen Miner, did with the story of tuna fishing. Their little picture, "The Naked Sea", which began as an institutional film for the Star-Kist Tuna Company - thanks to shrewd handling - grew into a feature-length documentary, which is now being released to motion picture theatres throughout the United States. I do not mean to say that the story of El Dorado's water shortage will end up in motion picture houses, but the possibility of making an outstanding film that would be a credit to the community and the state is here. It's worth thinking about.

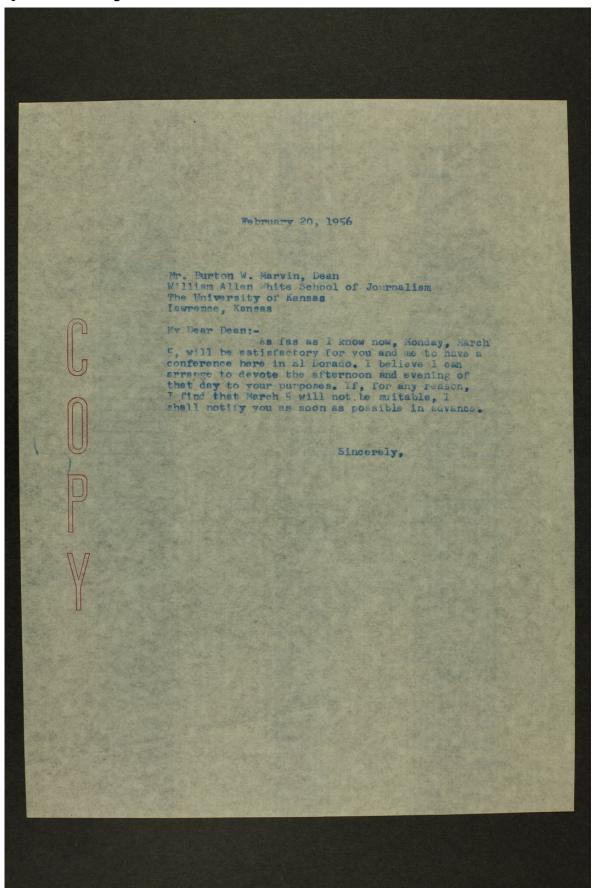

Please consider the READER'S DIGEST thing. Then, let Jerry get cock from New York, get Mother home from the hospital, and come on. I'll put you up at my nearby motel, which, stranguey enough, is called the El Dorado. In-between business sessions, I'll show you what this strange half-desert land of Southern California is like.

Thanks for the speedy service on the notebook; I was astounded at how quickly it came through. Reading the newspaper account is certainly exciting enough!

Love and hugs,

Orherine

ARTHUR B. WEAVER

Assistant to Director MAURICE C. LUNGREN Dear Mr. Clymer: Enclosed is the proposed text of a letter that I am suggesting be sent out over your signature to all members of the William Allen White Foundation Board. The purpose would be to get their reaction to the proposal that the Foundation sponsor a national top-rung conference on the objectives of education for journalism. You will remember that it was decided, at our recent Board meet-

You will remember that it was decided, at our recent Board of ing, that a letter should go out from you for this purpose.

WHITLEY AUSTIN STUART AWERLY ROY F. BAILEY W. T. BECK W. A. BAILEY W. T. BECK W. BRINKERHOFF ROBERT U. BROWN THEREBER FRATCHE TO THE FREEDEN BRINKERHOFF ROBERT U. BROWN TO THE FREEDE W. BROWN The letter that I am proposing is essentially that prepared by the chancellor and distributed at the board meeting. I have inserted the second paragraph to adapt the letter to the specific use to which it is being put---the sounding out of board members. In the fourth paragraph I have edited the chancellor's text to say that the executive committee believes the time is ripe for such a conference. I suggest this approach so that the board members will have no cause to feel we are asking them simply to rubber-stamp something already decided upon.

> And I am suggesting deletion of the final paragraph in the original text, for we know that we wouldn't want to invite every board member to participate in the conference. That would be impossible in view of the fact that we are suggesting a very limited enrollment.

So that you may compare the original with the text I suggest, I am enclosing a copy of the original.

Will you please read the proposed text, make any changes that you feel should be made, and return it to us as soon as possible? Then we can have the letter run off on the automatic typewriter in sufficient copies for the entire board membership, and Ican bring the final drafts to you for your signature when I come to El Dorado in March---on March 5, I hope.

Cordially.

Burton W. Marvin,
Birector (By M.R.)
