Dear Sir

I write you at the request of our temperance people, who invite you to Wellington to deliver a temperance address, at as early a date as may be convenient for you to do so. We have organized a Prohibition Club here, but as yet the temperance movement has received very little impetus, tho we are desirous that the ball should be set in motion with a good rousing meeting soon, — one to which our business men generally would care to attend. If you can favor us with an appointment very
