

## **Atchison, Topeka & Santa Fe Railway Company's piggyback trailer**

This black and white photograph shows an Atchison, Topeka & Santa Fe Railway Company's piggy-back trailer at the Hobart yard in Los Angeles, California. In the railroad industry, the trailer travels on flat cars, (TOFC), commonly referred to as a piggy-back service. With this intermodal form of transportation between the railroad and trucking services, freight can be delivered in half the time.
