Section 4, Pages 91 - 120

Gerat Henry Hollenberg built and operated the Hollenberg Pony Express Station in Hanover in Washington County, Kansas. He was also known as the founder of Washington County, Kansas and the city of Hanover. William Kalhoefer, along with August Jaedicke, were the first to settle in Hanover, Kansas. This collection includes papers of Gerat Henry Hollenberg, William Kolhoefer, the St. Joseph and Denver City Railroad, and the St. Joseph, Hanover, and Southwestern Railroad. The bulk of the collection consists of warranty, quit claim, and sheriff deeds involved Hollenberg and land acquisitions in Washington County. Some properties are in Marshall County. The related correspondence documents the early history of the county and its cities, including topics primarily relating to laws and organization. The papers of William Kalhoefer include his marriage license, naturalization papers, bank deposit records, and election certificates for various positions in which he served. These positions included the mayor of Hanover, notary public, township treasurer, and other positions. The railroad records include right-of-way documents and related correspondence.

I find a History of the south half of Marshall County, given by ^{you} enterprise, it is very interesting to me it brings to mind the old times again, where Men will stick together lick Friends. I have never ~~see~~ loved amongst a better class of honest Men and Friends than those settlers. They helpt one another lick Friends. This History is a good one, but there are a few mistakes, and Mr Editor I take the liberty, of correcting a few as to who was the first settler ~~or~~ in the south half of the County. Hon J Banta

Dear Sir

Mr J. B. Snyder has got a Petition up to ask the Legislature, to relieve him, and the County from the amount due the state from the said J B Snyder.

I have signed the Petition, after I have cut of the objectionable part, where in he made complaint that he had requested the County Board for the necessary safe, but the had refused to furnish one I do not know anything, of the action of that Board, but I do know at the time of the burning of the Court House, that J. B. Snyder had a safe rented where in he kept his paper and funds

and for some Carver. I do not know, as he says he took out the money out of the safe and put it in his office amongst his books but left some \$40 worth of County orders in. you know all about the whole matter. I shall be very glad if the legislature will relieve Mr Snyder and the County. but I want the County to have no loss. The amount from the sale of School land is \$3678 - $\frac{34}{100}$ and the amount due on state taxes is \$1874 - 84. we have since paid on that amount of state taxes \$1500 if the legislature will relieve Mr Snyder of all that was due at that time. The County will as a Credit of \$1500 from the state as the County is now secured by the whole amount. by Note of Mr Snyder. you as our Representative ought to look out that the County is to no loss. please have there Petition refer to a Committee. and so wait you can for it Respectful Wm Hollenberg

I do not like to intrude upon that Noble Mindet Editor

he is now heralding the Great News. that Washington

but, here is the point. there is due to Washington County
by the Kansas Insurance Company \$1600
and that is what the ring is after. Marten says some
reformers insist. that the Money shall be paid. into the

I insist upon that. and I protest against the Money going
into the hand of the ring. so to build a poor thing of a house
that the spend will bla over. The say the County Board
has nothing to do with the building. I think in other Countys
the has but Fred Marten thinks in Washington the ring

as long as Hollenberg is a member of the County Board,
that the ring shall not be troubled with that kind
of business. as the County Board will attend to
all County business. and build a good Court house.

Dear Sir
 as your Paper has a large circulation in Washington

 in your Telegraph. I do not like to intrude
 upon that noble minded Editor of the Washington

 ever since the grand stampede at Topeka.

 Mr Martin is now heralding the great news

 that is the Place for the Money. where it

 nothing to do with the building of the Court house
 that belongs to the ring. but I think the
 County Board will have something to say yet
 with the building of the Court. so that a

 a great deal to say. about the Law suit of Washph

 he had no right to employ an attorney. as that

will you please
give me a small space, in your Paper. —
again the startling News. comes over the Prairie.
our Court house is burnt. that is two Court
houses in less then three years. some of the taxpayers
have asked the quarter. what is the matter up
at Washington. that we can not keep a
Court house there. I have answered them
I do not know. go up to Washington. they may
tell you something about it. perhaps some
will tell you Hollenberg is to blame for it.
as the General do. blame Hollenberg for
everything. the blame Hollenberg. for having
the money spent at Washington. for the
building of the new Court house. that is burnt
the blame time Hollenberg for spending the
greater part. of the taxpayers money at the
Town of Washington. yes Gentlemen I will
take the blame. and if there was any doing
so. I will help to remove the song. I know
that most the taxes are going in the pockets
of the People of Washington. where was the money
spent for the building of the new Court house
that is now gone up in smoke. at Washington
where was the 500 hundred Dollar for Furniture
spent a W. where was the did the money go for
buying stoves. wood at Washington. where dose
the money go for stationery for the County officers
to Washington where did the money go for
boarding Prisoners. Boarding Prisoners & jurors
going to Washington. where did the money go
for building the new Jail. and where is all the

for Fees and salaries for County officers, & Printing
 spent, is not most of it spent at the Town
 of Washington, is not that a good thing for
 the Businessmen of Washington
 have the the should be the last men to
 complain, about Hollenberg, if he has
 favored the Town of Washington, in place of some
 others, but that is all nothing, the say if
 we can only play him out, and some are
 in a grand glory ever since the Election, and
 say, we have done it, we have worked hard, and
 told more lies & falsehood, then ever before, but
 we have played him out, Gentlemen I ask
 what have you made by it, some of you that
 have told the most falsehood, I say take your
 ten silver pieces that you have received, and go and
 learn to be honest, and you will be respected, and what
 has Washington County made by it, only in
 playing sending one of these Farmers, & tax payers
 to the Legislature, they send a Banker from
 an other County, and in place of Washington &
 having two vote in the important Election
 for U S senator, you have only one
 and what has Hollenberg lost by it, only that
 he has to remain at home, and recruit up his
 poor health - Now Gentlemen, I hope that
 you will have, a grand celebration
 at Washing, over the glory of playing out
 Hollenberg, and over the sickness of the
 remains of what was once call the Courthouse
 as there is now a good chance, for some shall
 to draw a big rent, and a grand time, for building
 a much larger & Costlier Courthouse, as there
 is no doubt the people will next time vote 20 X

and a good change for a branch R.R. from
Hanover by the way of Washington out West,
the road not have had that change if
the Road had run North, it was Hollenberg
who insisted upon the Company, to run
a line last winter up Melkneck by Washing
out west, so that they find out, that there
is a No 1 route for a Railroad, if I was so
much opposed to Washington, I would not
have troubled myself, I have ever insisted
upon the my friends at Hanover, to remain
friendly with the people of Washington, to work
together to build up our County, and get
a Rail Road, but Mr Editor, from that
Day, when the first house was built
at Hanover, and it was supposed that
the Central Branch would come up the
little Blue, there is some men at Washington
opposed Hanover, against their own interest
there trouble has always been, if Hanover
gets a Railroad, they will get the County
seat, and Hollenberg is to blame for
all, & you say Mr Editor the people of Washing
took me up from obscurity, and gave me
position of honor and trust, against the
advice of the best men in Washington.
Now Mr Editor, as you are a stranger
amongst us, and have only been here but
several months, it can not be expected
that you know much of the condition

and affairs of Washington County, only what
you see is told you by other parties, and by the
looks of your articles, you must have read the
information, of some of my ~~own~~ bitter ~~and~~
that is attending more to my Business
than to his own, as to taking me up ^{by} ~~from~~
Poverty, I will say, Mr Editor, I was
working my Farm and raising Corn & Co
in Washington County when those Gentlemen
in 1858 when those Gentlemen
perhaps were not thinking of Kansas.
It is ^{was} ~~and~~ that those people, that came here
soon after I had started a settlement
have ever been my Friends, and have
~~and~~ honored me with office of trust
they have honored me done it with there
free will and a good heart, and most
the time without opposition, and I thank
them for it, but Mr Editor as for taking
me up from obscurity and Poverty! I will
say, that since 1856, I became a
residence of Washington County, I held
several offices, but never need any
charge for my labor, only this last
two years, and all the money I ever
have received of Washington County is \$30
you say Mr Editor the whole trouble
is I got sour, at the People of the Town
of Washington, that they not turn out
to Elect me

when the County Attorney comes with his bill
and says the Lawes allow me \$500 and if I have
nothing to do. am I to blame for it. when the
Superintendent comes. and says here the Lawes
allow me \$ for making and breaking up school districts
am I to blame for it. 50 years ago before I had
anything to do with the County Board. when
some D. D. rascal set the matches to our
Court house. and burnt all the books and
Records. and for want to get a way with his
these stolen plunder. so that as the books
were all burnt and could not find out matters
stead. was I to blame for it

and afterwards the County here, and the Towns
on the Mo. River were flooded with Washington
County scrip, and I to blame for it. by that
operation the County lost not less than thirty
Thousand Dollars. I have not forgotten the Day, after
the burning of the Court House, even the County
Board met not one scrap of Paper was left to
commence with, and where ever we lookt for help
we found opposition. I know the trouble we had
to get ~~a~~ started again, those are my very envious
enjoyance, and say o I can not vote for Hollenberg
I say Gentlemen write until I ask you for
Your vote. Mr Editor I could give a thousand
Account of those matters, and some

Editor Republican, will you please, give this
 a small space in your Paper -
 again the News, comes over the prairi, our
 Court house is beurned again, that makes
 2 in three years, it is rather hard had look,
 and hard for the tax payers, as we have
 not paid only paid, but a small amount
 on the Court house bonds, and now, the
 County officers without office rooms, and winter
 at that, what can be done now something has to
 be done, houses has to be got, and the County can
 not afford to pay big rent, and buy stoves
 and Furniture, and a good many other things,
 that takes money buy, as we can not issue
 any more County scrip at present, and to buy
 these things for scrip, it is to pay double
 price, there for I will make an offer to
 The County Board, I will offer, a good large
 3¹/₂ houses, with good large Rooms, one good
 large office room for ever County officers
 with a good ^{large} stove, for every County officer
 Furniture, and all the wood, is needed
 for this winter, free of charge, and no expence
 to the County, the Condition is, that the
 County officers shall move ~~of~~ over to the
 Town of Hanover, and remain there until
 a New Court is build at ~~at~~ the County seat
 also I over a large Room to hold Court in
 the law says every County officer shall keep his office at
 the County seat, and in the office provided by the

I send you here, a few local sparks, if you think it worth printing. about a month ago, the Marshall County News gave Notice, that there would be up this winter a grand Railroad scheme, and now behold you, it has hapen to pas, that some body has found a route, for a grand trunk Railroad between the Capital City of Marshall County and the Pacific. This grand scheme will soon be carried out there is no doubt, as the Capitalists of Marysville, have taken hold of this matter. They will soon build this grand trunk, with a little help, of about one hundred thousand Dollar in Marshall County bonds, you know this road will be the great overland throughfare for the Pacific and the Mountains, and carry the Manufactories, of the Future great inland City of Kansas, to the Pacific and great swift trains will run Daily, live Marysville at seven P. m. arrive at Beardfalls 8 P. m. here they will take in gear for the Trip, as trains on Road are run on gear, the next station is Washington, here will soon be build as Mr Bellard reizes, Castiron Foundry, for the Manufacturing of Court houses, here the trains, will be loadet with Court houses for the event, and here, the grand trunk, will branch of, to Cloud, Lottawe to the Moon, the good People up there will be glad, to have direct connection with the Capital City, and by that a large voting Population can be secured, at the Day of Election by running an extra train up to those good People

sanitary
 The greater blessing is to enjoy health, and
 and longevity, in a sound and ~~and~~ healthful
 condition of mind. There is no exception to this,
 looking back through the most authentic records
 to the earliest history of the human race,
 this one idea of prolonging with every man's
 existence. The Laws given by the prophet
 legislator Moses, for the preservation
 of the health of his people, may be cited
 as evidence of that great and wise man
 the example set by Moses, was followed by
 the Greeks, by the improvements, of bath
 and gymnasium, for the purpose of producing
 physically, an iron race of men. The object
 the Greeks had in view, in thus
 creating a hardy race, had more reference
 to building up the power of the Country
 as a great conquering Nation, than
 to the happiness of the people.
 with the Romans, their purpose the
 had in view where the motives to build
 up a great power who should rule the
 world, not only by force of arms, but
 by the power of a superior intellect
 when the light of this great nation was
 extinguished by the barbarians, there
 came a period, that is called the Dark
 Ages, and the world was plunged, in
 to ignorance and superstition
 for nearly eight hundred years, when
 the human race partook of the savage
 and lived according to the dictates of the
 lowest and most debased condition

Now Mr Editor, it will come to pass, what
 that in the Month of January, A.D. 1873, that
 The great Senatorial Election will come of
 and Political Lobbies are at work, to see how the
 best can control the votes of the Members
 of there County, and find out, who of the
 Candidate, has the most Money, and will
 pay the most, and to that end did some
 of the great Chiefs & Lobbies meet, in the
 Darknes, and talkt the matter over, Honorable
 D. got up Gentlemen, we must get up
 some scheme, to have the vote of our
 Members of this tier of County solid, how can
 that best be done, Honorable B got up, Gentlemen
 I propose, a Railroad scheme with a Landgrabble
 the all with one accord got up and rejoiced, with
 exceding great joy, one Gentlemen proposed,
 let us choose unto our number, one or more
 of each County, and call a Railroad
 Convention, and then ~~for~~ the matter will
 look better, and the People will belive in it,
 and we have a Clear road before us, and will
 talk Railroad & Landgrab, and some of us
 goe to Topeka, to do the best we can
 Now Mr Editor, thes Railroad Convention
 the Landgrabble and the whole scheme, is
 nothing but a grand Senatorial Dodge
 and a Humbug, gotten up by some old
 sharpers, Political Lobbies, that wants to
 control the votes of there County, you will
 see them at Topeka about the time, the
 Senatorial Election come of, the will talk
 Railroad, Landgrabble, we must work together

we must vote solid for the Candidate
that promises us the most, and is all right
on the Land grabber. Now Mr Editor look at
the list and the names, and you will find
some of the most Corrupt Politicians
they will go to Topeka. Lolling and make
bargens, with the Candidate to find out
who will pay the most, and they will
sell the votes of there County, and the
Candidate who has the most money he will
be elected, and the People have nothing to
say, they are not asked, who shall be
there Senator.

The whole scheme is nothing but
a Fraud and a cheat. they will say
it was all on account the Land grab,
when everbody knows, that there is no
more Public Land, ~~as~~ is a large section
of this North western Counties, as it has
all been taken up, and Congress is opposed
to giving away any more Land to Railroads
