Township Trustee Records

Section 4, Pages 91 - 120

This folder contains handwritten reports of the township trustees in each county of Kansas in 1875. Alfred Gray, Secretary of the State Board of Agriculture, sent a form to each county superintendent on which they recorded all townships and township trustees in their county. Gray used a printed directory of county superintendents to keep track of the number of trustees in each county. Gray then compiled a master list of all township trustees' names and addresses in alphabetical order by county.
