

## **Bone Rasps from the Saxman Site, 14RC301**

These four bone rasps were recovered from the Saxman village site in Rice County and donated in 2016 to the Kansas Historical Society. Archeologists believe that artifacts like these rasps could have been used as musical instruments by drawing a stick across the grooves. The Saxman site is a Late Great Bend aspect village site lived in by ancestral Wichita Indians.

Date: 1500-1650 CE

Callnumber: 14RC301 2016.A.15; .16; .17; .18
