Bottle from the Last Chance Store, 14MO367

This complete aqua bottle may have once held medicine, either prescribed or patented. It was recovered during the 2016 Kansas Archeology Training Program at the Last Chance Store in Council Grove. Time and oxidation have created an interesting white swirling pattern on the surface of the bottle. There was no bottle maker's mark on the bottom to aid in dating the bottle. The Last Chance Store was added to the National Register of Historic Places in 1971.
