

Smoky Hill aspect Rim Sherds from 14SA407

These four rim sherds were found on the surface of a Middle Ceramic period Smoky Hill aspect camp site in Saline County and donated to the Kansas Historical Society in 2017. They are decorated in a variety of styles (from left to right): a smooth surface treatment with incised horizontal lines' a smooth surface treatment with out curving rim; a possible cord marking or other roughening surface treatment; and a collared rim with cord marking.
