

## **American Indian Site in Hodgeman County, 14HO306**

Shown are two views from slides of an American Indian site located in a valley in Hodgeman County. The site, in the Pawnee River basin, had bison bone exposed from a later component at the site. Charcoal recovered from the site yielded two dates: an Archaic occupation dating to 3080 - 2400 BCE and a possible Keith variant occupation dating to 1300 - 1420 CE.
