Shop Talk newsletter

On the preceeding pages our pictures show happy faces and healthy bodies enjoying a seemingly carefree day at Joyland. Won't you take time to remember and time to help those less fortunate by giving to the United Way Campaign for 1983 . . .

THIS YEAR MORE THAN EVER, THE UNITED WAY NEEDS YOUR INCREASED CONTRIBUTION.

United Way is volunteers

Volunteers make the United Way work. Decisions are made not by the agencies or staff, but by people like you . . . business people, craftsmen, homemakers. Volunteers throughout the city raise the funds and make sure that your contributions are being put to good use and that the needs of all types of people are considered. That's why the United Way works so well.

United Way is accountable

The United Way works year round evaluating agency programs and budgets. Each agency is carefully examined by a committee of volunteers. Does it represent the best interests of the citizens? Does it provide an important human service not provided elsewhere? Does it deliver services to people who really need them? These are some of the questions which must be answered in order to ensure you, the contributor, that each dollar is being spent in a proper and efficient manner.

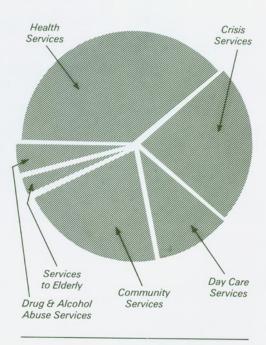

United Way is economical

A combined campaign benefitting many agencies keeps fund raising costs to a minimum. And because volunteers do most of the work, with the help of a small staff, United Way's overhead costs are very low. That means that almost 90¢ of every dollar you contribute goes directly to help people. Only 10.6¢ per dollar goes to campaign and administration costs. The United Way is our most efficient and effective fund raising organization.

UNITED WAY ... It's something we do for each other.

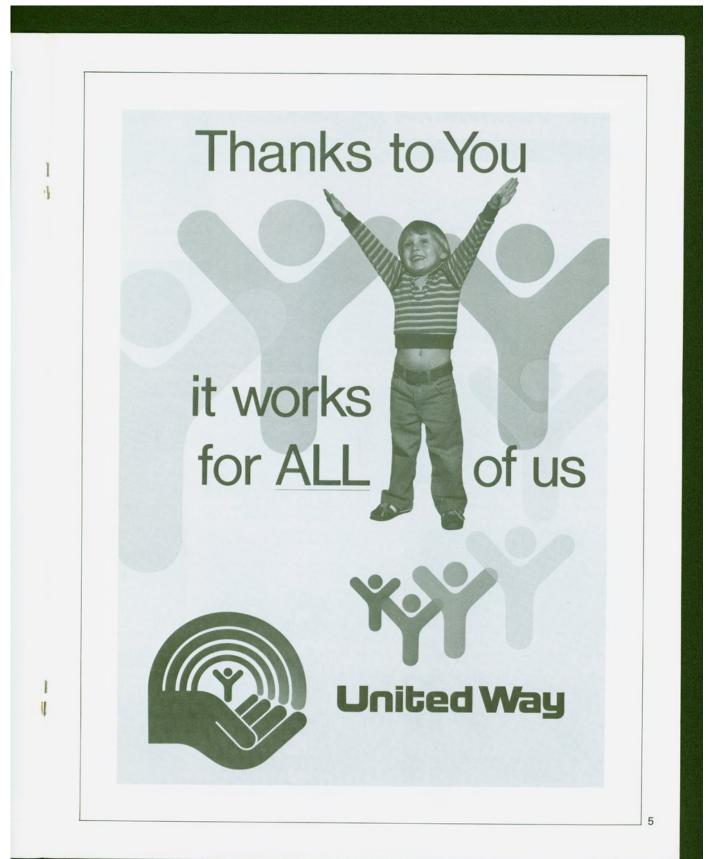

WHERE YOUR MONEY GOES

Please remember to return your cards to the Personnel Department by October 4, 1982.
