HESSTON CORPORATION

HESSTON ROW HARVESTER

F.O.B. Hesston, Kansas

BASIC EQUIPMENT

Gathering Head—(One Row) Complete with right and left hand divider assemblies, drive sheaves, gathering spiders, two upper and one lower gathering belts, mounting brackets, pivot mountings, and clamps.

Row Kits—Complete with belts, belt guides, idler sheaves, idler brackets, and supports.

Drive Kit—(Combine to Gathering Head Drive) Complete with belts and sheaves, etc., for each make and model of combine.

ORDERING INFORMATION

1. Check the price list and find the make and model of combine to which the Row Harvesters will be attached.

2. Follow the capitalized description until you find the listing for the number of rows required.

3. Continue checking "Description" until you locate the correct "drive group"—namely Right or Left or both depending on the combine.

4. Order must include each number shown under bold type description of unit desired.
