

## **Territorial Census, 1855, District 6**

This census was taken in order to determine eligible voters for elections to be held as proclaimed by Governor Andrew Reeder on November 10, 1854. The categories for information in the census were name, occupation, age, gender, emigrated from, native of United States, naturalized citizen, declarant (intention to become a citizen), Negro, slave, and voter. Only white males over twenty-one were eligible to vote. The districts used for the census were the same as the election districts. There was a summary of voters in the 6th district at the end of the enumeration. For District Six, the place of election was the house of H. T. Wilson, at Fort Scott. The boundaries of each district were described in Governor Reeder's proclamation, and it is difficult to determine what counties were in each district. The description of the Sixth District follows: "Commencing on the Missouri State line, in Little Osage River; thence up the same to the line of the reserve of the New York Indians, or to the nearest point thereto; thence to and by the north line of said reserve to the Neosho River, and up said southern line of the Territory; thence by the southern and eastern lines of said Territory to the place of beginning."
